## Finishing Beam Petrol-Handle Premium

All of our machines are versatile and easy to operate. Designed for heavy-duty and with high reliability. This means low running and maintenance costs.

- Light-weight and easy to manoeuvre engine screed
- The transmission shaft transmits a horizontal vibration effect
- Reliable and environmentally friendly Honda petrol engine
- Variable vibration frequency
- Adjustable working angle on the handle provides optimum working comfort
- Lift handle and engine guard in the same part
- Smooth aluminum profile, easy to clean
- The de-vibrated handle rack minimizes handle vibrations
- Round corners of the profile eliminate the risk of stripes in the concrete
- Symmetrical profile for dual use
- Easy attachment of the drive on the profile without tools simplifies the change

### TEKNISKA DATA

### SWEPAC FBP-HP

Petrol engine	Honda GX35
Power	1,2 kW (1,6hk)
Tank volume	0.7 liter
Centrifugal force	2000 N
Frequency	9000 vib/min
Weight, drive unit	14.5 kg

### Aluminium profile

Length (m)	Weight (kg)
2	8.2
3	12.6
4	16.8
5	21.0

### Part number

4080457	Drive unit
4080458	Profile 2.0 m
4080459	Profile 3.0 m
4080460	Profile 4.0 m
4080461	Profile 5.0 m

Swepac offers a wide range of models with many different engine versions and sizes suitable for any application. Swepac is quality and environment certified in accordance with ISO 9001 and 14001 and the machines are certified to the Euro Test standard by the Swedish Machine Testing Authority. Information about the company and our products can be found on our home page at: [www.swepac.com](http://www.swepac.com). We retain the right to change the technical specifications without any prior notification.
